

The Osborn H.O.P.E Center

No one plans on acquiring Alzheimer's disease or other forms of dementia, but statistics show memory disorders are on the rise in the United States. What do you do if you or a loved one needs ongoing, secure memory care? Who can you turn to for help?

The Osborn's H.O.P.E. Center for Memory Care, located on our gorgeous 56-acre Westchester campus, continues our commitment to providing the highest-quality senior living experience and care. Through our innovative H.O.P.E. Program, which stands for Home Environment, Optimism, Passion, and Empathy, caring professional staff and family-style living ensure a safe, positive environment for older adults with Alzheimer's or other forms of dementia.

Optimism

A positive outlook allows us to focus on each person's capabilities, likes and accomplishments. We understand the importance of maximizing independence and building confidence to help residents thrive and enjoy each day.

Empathy

We get to know our residents and learn more about them from their families and friends. With this in-depth knowledge, staff members are able to understand each resident's situation and appreciate their feelings and motivations.

Home Environment

The H.O.P.E. Center features 13 private rooms with private baths, a community kitchen, a great room with fireplace and entertainment center, a creative arts center, and a bright and airy sunroom. Just as they would at home, residents are able to choose their favorite activities, such as listening to music, watching movies with friends, and walking in the beautiful, secure garden.

Passion

Staff members have a shared passion for enriching the lives of residents and their families. Our experienced staff members are specially trained in Alzheimer's and dementia care to ensure the highest-quality personalized care.

Features of The H.O.P.E. Center for Memory Care include:

- **Opportunities for social, artistic, educational, music, cooking, gardening and other experiences one would have at home**
- **Innovative, secure neighborhood design with 24/7 staff specifically trained in dementia care**
- **All private rooms with full bathrooms**
- **Community kitchen**
- **Great room with fireplace**
- **Entertainment center**
- **Sunroom**
- **Betty Neagle Secure Wander Garden**
- **Creative arts center**
